FEES FOR LATE PERMITS

Any person, firm or corporation failing to obtain an electrical permit prior to the commencement of work, shall be required to then pay for such permit an amount equal to double the amount for the same permit had it been obtained prior to commencement; provided, however, that the provisions hereof shall not apply when the work must be done immediately

because of an emergency, in which event, the electrical contractor shall telephone the office of the City Electrical Division and report the emergency and the extent of the work to be done and then obtain the electrical permit within the next twenty-four hours, or if the office of the City Electrical Division is not open for business, then the electrical contractor shall obtain the electrical permit within the next forty-eight hours immediately following the beginning of the work.
